(MTD CARBURETOR / REBUILD KIT IDENTIFICATION)

Tech Subject: Identify Correct Huayi Or Deni Carburetor Rebuild Kits Used On MTD Branded Engines

Models Affected: All MTD Engines

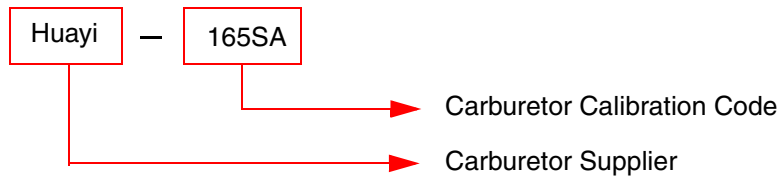

Serial Number Range Affected: N/A

Tech Issues:

To correctly identify carburetors used on MTD branded engines to ensure proper rebuild kit part number is selected.

1. Carburetor Calibration Breakdown

- used to communicate which parts are needed for a specific engine
- More reliable than tracking by engine model

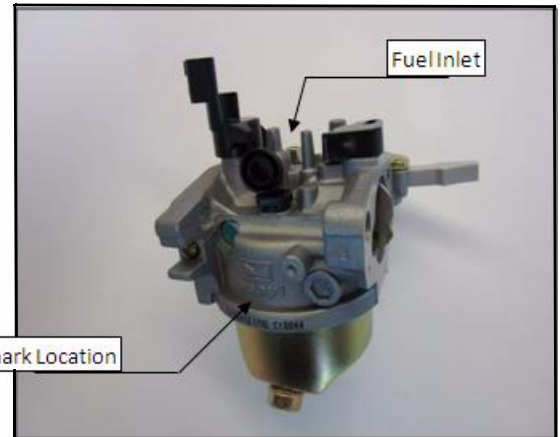

2. Determine Carburetor Supplier

Supplier cast into carburetor body
Usually found on opposite side of fuel inlet

Supplier trademarks

- a. Huayi (HY) - primary supplier
- b. Deni (DN) - secondary supplier for higher volume engine platforms
- c. Ruixing (RX) - rarely used (older models only)

Huayi Trademark

Deni Trademark

Ruixing Trademark

3. Determine Carburetor Calibration

4-6 Digit Alphanumeric Code

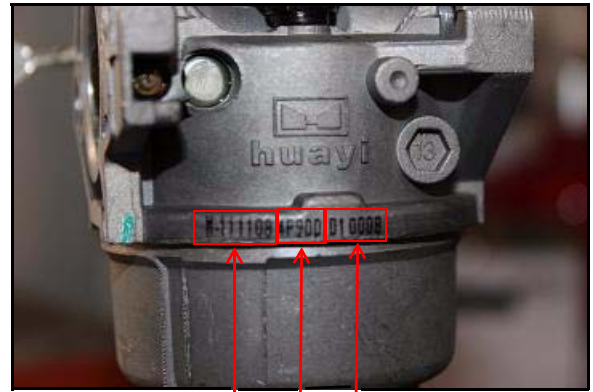

Minimum of 2 Locations

a. Printed within the carburetor serial code

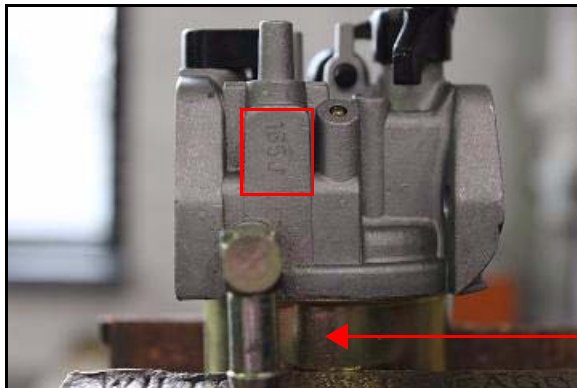

Example (right)

b. Stamped on carburetor body

Locations vary (below)

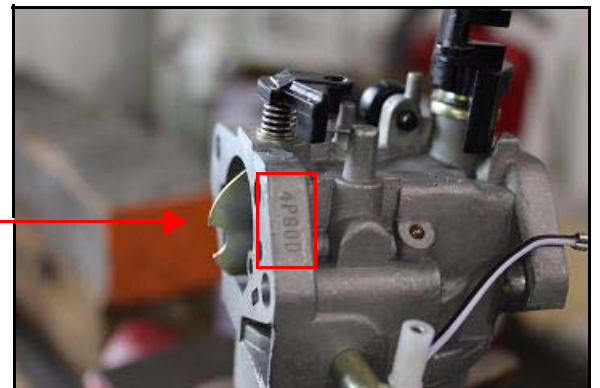

First 7 Digits
Calibration Code
Carburetor Serial Code
(Last 6 Digits)

Throttle Plate

Fuel Inlet
