								for older units					

Note 1 - Service replacement SHIELD #55104-9 does not have hole for large PLUG (button) #56533, used in early WIZ "55" only; not required in later models.

Note 2 - Service replacement CARBURETOR #A-58102 (HL-117C) supplied with #56175 throttle friction spring installed, and #75756 throttle opening spring packaged with assembly.

On WIZ "66" models use carburetor as supplied, discard #75756 spring.

On WIZ "55" models equipped with index #91, #98, #99, and #100 use carburetor as supplied, discard #75756 spring.

On WIZ "55" models (originally equipped with HL-46B or HL-204A carburetors) remove and discard #56175 spring, thread #75756 spring onto other end of throttle shaft (an anchor pin is provided); loosen turret screw, turn inlet position 180°, tighten screw.

Use Repair Parts Kit #57987, Gasket Set #57919 for HL-117C and HL-204A models: refer to #23621-A Rev. 1 Carburetor Sheet.

Note 3 - For units below serial number 2537289 use #55019-11 Elbow, #80638 Screw, #A-55800-A Valve, including #27464 Stud.

Note 4 - Service replacement crankcase A-64902-A and fuel tank A-65324-A require two (2) grommets #64173 (supplied with A-65324-A tank and A-64902-A crankcase) and one (1) shoulder screw #64133-A. When using new tank A-65324-A and old crankcase A-63177-A (with 1/4" stud) use only one (1) grommet on top of mounting tab and fasten with a square washer and lock nut. If the new crankcase A-64902-A is used with the old tank you should drill out the hole in the crankcase mounting tab to a 3/8" diameter, insert grommets #64473 on both sides and fasten with shoulder screw #64133-A.

The above drilling and fastening methods can also be used on WIZ "55" with the new crankcase A-64902-A.

Note 1 - Measure width of clutch shoe to determine type of clutch assembly in unit; 5/8" shoe requires standard type mating parts, 3/4" shoe requires heavy duty replacement parts.

Note 2 - Check number of teeth before ordering replacement.

Note 3 - NOISE SUPPRESSOR ASSEMBLY #A-56558 available from your HOMELITE Dealer, use in place of #56396 Cap.

Note 4 - See page 4, Note #4.
