

INSTALLATION INSTRUCTION FOR:
Rear Roller Kit

IMPORTANT: BEFORE PROCEEDING, PLACE ALL CONTROLS IN THE DISENGAGED OR THE OFF POSITION, REMOVE SPARK PLUG WIRES FROM THE SPARK PLUGS.

1. Raise the front of the mower high enough to allow adequate workroom under the rear of the deck, and support the mower with jack stands.
2. Install anti-scalp roller in the baffle gusset at the rear center of the deck as shown. Roller may be installed on either side of gusset on the 61" deck, the roller on the 52" deck will be on the left side of the gusset as you look at the deck from the underside shown below.
3. Make sure hardware is tight and roller spins freely.

539102754 - HCS 3/8C X 3.5 GD 8
