## SB, 240 R, 245 R, 245 RX, Clutch, 2003-05

A new clutch has been developed as an alternative for the 240 and 245 models. It is based on the same components that are used in the clutch for the 250R, apart from the clutch hub.

This clutch will only be available as an accessory, and will not be fitted as standard to these machines.

When the standard clutch is replaced with this clutch, the clutch drum must be replaced at the same time, and the clutch and clutch drum will therefore be supplied as a set.

Note also that the clutch must always be fitted with the large washer facing the engine. See diagram.

New part no.	Description	Excl. part no.	Remark
537 23 94-01	Clutch set		*
537 17 82-01	Clutch assy.		
537 17 83-01	Clutch drum		
537 17 81-01	Clutch hub		

\* = Other components are available as spare parts as before.
