THE IRON HORSE

From the 25th of November 1989, the Iron horse Pro with power winch is equipped with an extra counter weight of 32 kg, 2 tie wires (2 and 4 m long) and a cable hook with pulley.

The hand winch is excluded.

A new track tension tool is also introduced. The thickness of the sheet metal on the driving wheels is increased from 1,5 mm to 3 mm.

Extra counter weight
Ref. No. 501 39 80-02

Tie wires 2 m
Ref. No. 501 40 16-01

Tie wires 4 m
Ref. No. 501 40 16-05

Cable hook with pulley
Ref. No. 501 39 86-06
