## 240R/245R/RX/250R/RX

### Trimmy S- Assembly kit 502 28 51-01

To be able to use Trimmy S on machines with the new driver an assembly kit will be produced. The assembly kit consists of a spacer and circlip. These components should be fitted to the blade axle between the driver and the trimmer head. The kit will be supplied with Trimmy S and will also be available as a spare part.

The new drive disc was introduced from serial numbers:

240R	4140001
245WRX	4140001
250R	4400001
250RX	4200001
