Husqvarna

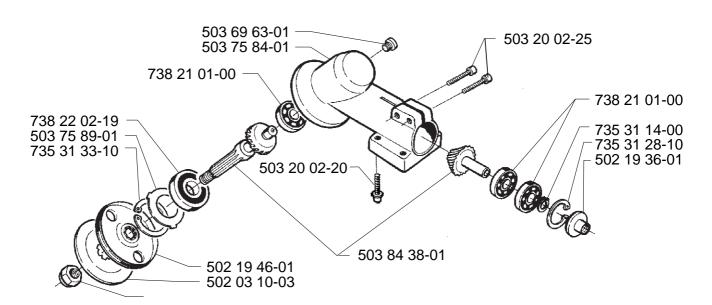

English 1 (1)

Model 235R

New bevel gear unit

A new bevel gear unit with a raised guard mounting has been introduced for the 235R with effect from serial number 8180001.

See publication 106 23 69-66 "Accessory Guide for Trimmers and Brushcutters 1998" for additional information about guards for blades and trimmer heads. The earlier gear unit, 502 18 50-01, and all spare parts for it, will continue to be available as spare parts.
