★SERVICE REFERENCE

1. Ignition Module Washer - Washer #530015811 was used on some units having a serial number beginning with 1G268 and lower. When repairing units in this serial number range, the washer should be added if the unit is not so equipped. Units built with higher serial numbers do not require the washer.

2. Crankshaft Spacer - Earlier models equipped with the laminated crankshaft (shown on the left) requires Spacer 530015788. Later models equipped with a step on the crankshaft (shown on the right), do not require the spacer.
